CERTIFICATION OF COURT AND SUBCONTRACTOR/S COMPLIANCE WITH FAMILY CODE SECTION 3200.5 AND STANDARD 5.20

Effective January 1, 2013, Assembly Bill 1674 (Stats. 2012, ch. 692) added section 3200.5 to the Family Code. Family Code section 3200.5(d)(2) requires the professional provider of supervised visitation to sign a declaration indicating that they meet the training and qualifications requirements as set forth in Family Code sections 3200.5(c)(2), (d)(1), and (d)(2). Additionally, Family Code section 3202(a) requires providers of supervised visitation and exchange services to follow the Uniform Standards of Practice for Providers of Supervised Visitation as set forth under Standard 5.20 of the California Standards of Judicial Administration.

Certification: The court and its subcontractor staff working under California's Access to Visitation Grant Program as professional providers of supervised visitation must (1) certify compliance with requirements under Family Code section 3200.5 and Standard 5.20 and (2) that the court understands it must maintain documentation of their subcontractor's staff compliance with Family Code sections 3200.5(c) and (d)(2).¹ Additionally, this certification includes compliance with the maintenance of adequate insurance coverage and a criminal background and fingerprinting clearance for all staff working on the grant program.

The court, each of the applicant courts partnering courts (i.e., multicourt collaborative), and subcontractors understands that meeting conditions of the funder and state statutory requirements is a prerequisite for the release of grant funds and that a violation of federal and state funding requirements can result in a range of penalties, including suspension of future funds under the grant program, suspension or debarment from federal grants.

¹ Documentation of compliance means that the court and its subcontractor must be able to show or demonstrate that the individual subcontractor staff (i.e., those individuals working as professional providers of supervised visitation and being reimbursed under the grant program) meet the statutory requirements. This includes the court/subcontractor response to AOC Access to Visitation Grant Program manager information requests regarding the court/subcontractor/s grant compliance.
